

About the President's Volunteer Service Award

In 2003, the President's Council on Service and Civic Participation founded the President's Volunteer Service Award to recognize the important role of volunteers in America's strength and national identity. This award honors individuals whose service positively impacts communities in every corner of the nation and inspires those around them to take action, too.

The PVSA has continued under each administration, honoring the volunteers who are using their time and talents to solve some of the toughest challenges facing our nation.

Led by AmeriCorps and managed in partnership with Points of Light, this program allows Certifying Organizations Like Children's Cancer Partners of the Carolina's to recognize their most exceptional volunteers.

Beta Sponsors this is a wonderful opportunity for Beta students to be recognized for their service. Send us your list of exceptional students so that we receive it by May 1, 2025. We will award them with the Presidential Volunteer Service Award Certificate. Please include student name, age, and hours served. All the hours do not have to be in service supporting Children's Cancer Partners, but we would prefer that at least 70% are. See the chart showing eligibility requirements and the service hours needed for each award level. Individual and group awards are listed.
